

## Teaching Experience

---

### **Gene discovery and comparative genomics**

INVITED LECTURE

*October 2022*

*University of Washington*

Undergraduate Genomics and Proteomics course

### **Introduction to Statistical Genomics**

PRIMARY INSTRUCTOR

*Spring 2022*

*University of Washington*

Introduction to Statistical Genomics, graduate course

### **Introduction to Computational Molecular Biology**

TEACHING ASSISTANT

*Winter 2020*

*University of Washington*

Lead weekly discussion sections, organized and graded assignments, and held weekly office hours

### **Fundamentals of Genetics and Genomics**

TEACHING ASSISTANT

*Summer 2019*

*University of Washington*

Lead weekly discussion sections, graded assignments, and held weekly office hours
