

Posters

Fibertools: computational methods for chromatin accessibility with long-reads

GENOME SCIENCES ANNUAL RETREAT

September 2022

University of Washington

A complete view of segmental duplications and their variation

BIOLOGY OF GENOMES

May 2021

Cold Spring Harbor, New York

Improved Assembly of Human Genomes Using HiFi

ANNUAL SCIENTIFIC MEETING, HOWARD HUGHES MEDICAL INSTITUTE

December 2019

Chevy Chase, Maryland

Resolving segmental duplications using long reads and correlation clustering

COLLABORATIVE SEMINAR SERIES, ALLEN INSTITUTE, FRED HUTCH, AND UW MEDICINE

October 2018

University of Washington

Resolving Segmental Duplications with PSV based Community Detection

GENOME SCIENCES ANNUAL RETREAT, WASHINGTON UNIVERSITY

September 2017/2018

University of Washington

Identifying Multiple Charge States of Peptides in Mass Spectrometry

NHGRI ANNUAL MEETING

April 2017

Washington University in St. Louis, Missouri
